Program Summary:

Today's speaker was Letty Gali Director and Co –Founder of Lot 318. Lot 318 stands for “Loving others in truth” from John 3:18. This organization exists to minister to at risk youth and their community by empowering them to see their worth and purpose. Lot 318 challenges the youth to serve others in the community and be role models among their peers. They have developed a homework program within the community to assist children with their academic studies. Through this program, Letty believes that education teaches the youth to value themselves and enables the kids to utilize all the different resources that are available to each and every child and family. Lot 318 gives the youth opportunities they may have never had and helps them become a positive influence in their community.
