Club & Community News

Asst DG Tony Siragusa (Anaheim Hills) visited the club.

Jo-Anne Martin announced that the Placentia Library applied for and was awarded a \$400K grant – congratulations!

The club was able to honor Letty Galli of LOT 318 with a Paul Harris! Letty gives so much of herself to provide guidance, love and support to the youth in our at-risk community.

Jim, Letty, & Ward

At the District Transition dinner, Maria Cakiraga received an appreciation award as Most Amazing Non-Rotarian partner (she also keeps TC organized!). Well-deserved! Glenn was recognized as one of the Super Rotarians at the Transition dinner, and the club was recognized for its focus on literacy and scholarship!

Cowabunga planning is in full swing! We anticipate our new Cowabunga t-shirts soon, as well as tickets to start selling! Ron asks us to start forwarding gift cards to him for our Treasure Chest. Nel is busily lining up sponsors, so if you have any potentials, be sure to let her know. Lisa has been steadily working on silent auction baskets.

District 5320 & Zone News

The District plans to hold a series of 4 Leadership Socials and 4 Presidential Socials this year. Watch for these and other opportunities to learn more about Rotary, meet members of other clubs, and “pick their brains” for ideas that might work for our club!

Previous Week’s Program

Alice Shiozawa --
Imagine Rotary & Expanding our Reach

Alice gave a glimpse into the coming year, along with an explanation of this year’s theme and logo. Theme pins and officer/director pins were distributed.

She provided an overview of the Matching Grants we are seeking this year: Lot 318 Backpacks, Love Placentia, Blessing Boxes, a flagpole project at Gomez Park, and participation in the Kraemer Park Fountain Legacy Brick program. We will not be able to begin any expenditures or actual work until we are notified of the grant approvals.

Alice is also hoping to continue or fulfill some of the “wishlist” items about which we were approached last year (during Kathi’s year).
